## CONSTRUCTION CONSULTANT

The Dekko Foundation

### ABOUT

I grew up in Huntington Indiana and graduated from Huntington North H.S. in 1992.

I was a wrestler and got into skateboarding in my mid-teens. After I graduated, I went to College at IPFW for 2 years and decided it wasn't for me. I liked working with my hands, so I got into construction.

I went through the apprenticeship program through the Union and became a Carpenter then a Construction Superintendent after I graduated 4 years in the program. I was a Superintendent/ Foreman for 23 years with 27 years total in the construction industry.

Volleyball was a huge part of my life after High School as I played intercollegiate volleyball for over 14 years.

I am a Christian and have a Wife, 3 Kids, 2 dogs and 1 cat that shows up whenever.

I recently started playing a musical instrument called the Handpan and it is now my obsession.
